

Guidelines for Establishing the National BioResource Project Public Relations Office, National Institute of Genetics, Research Organization of Information and Systems

Recently revised November 1, 2021

August 3, 2016

Arbitrated by the Director-General

Establishment

Article 1: The National BioResource Project Public Relations Office (hereinafter referred to as the “NBRP Public Relations Office”) shall be setup at the National Institute of Genetics, Research Organization of Information and Systems.

Purpose

Article 2: The NBRP Public Relations Office shall be established for the purpose of promoting the National BioResource Project subsidized by the Ministry of Education, Culture, Sports, Science and Technology (hereinafter referred to as the “National BioResource Project”). The NBRP Public Relations Office shall serve to practice public relations exclusively about the project.

Duties

Article 3: The NBRP Public Relations Office shall perform the duties listed below as publicity activities.

- i) Production and distribution of printed materials such as brochures
- ii) Holding an exhibition of resources and others at symposia and academic conferences inside and outside Japan
- iii) Holding events such as an open briefing session
- iv) Other publicity and outreach activities related to the National BioResource Project

Organization

Article 4: A Director and staff where necessary shall be appointed at the NBRP Public Relations Office.

Miscellaneous Provisions

Article 5: In addition to what is prescribed in these Guidelines, necessary matters with regard to the NBRP Public Relations Office shall be prescribed separately by the Director-General.

Supplementary Provisions

These Regulations shall come into force on August 3, 2016, and apply on April 1, 2016.

These Regulations shall come into force on November 1, 2021, and apply on April 1, 2021.
